

REMARKS

Claims 1-5 and 9-13 are pending in the application, with claim 1 being independent.

Applicant thanks the Examiner for indicating that claims 1-12 contain allowable subject matter.

DRAWING OJECITION

The drawings stand objected to under 37 CFR 1.83(a) because the spring recited in claim 1 must be shown. Applicant directs the Examiner's attention to the Amendment filed on August 26, 2005, in which the Applicant amended Figure 17 to show spring 209. Applicant respectfully requests removal of the drawing objection.

REJECTION UNDER 35 U.S.C. § 112

Claims 1-5 and 9-12 stand rejected under 35 U.S.C. § 112, second paragraph, for being indefinite. Claim 1 has been amended to recite "a flap operatively connected to the body". Claim 1 also has been amended to recite that "a conduit...connected to the recess for entraining and removing debris." Claims 9 and 10 have been amended to recite "the wall."

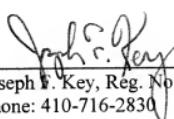

For at least these reasons, Applicant respectfully requests reconsideration and withdrawal of the 35 U.S.C. § 112, second paragraph rejection of claim 1 and its dependent claims 2-5 and 9-12.

Applicant submits that all claims (i.e., claims 1-5 and 9-13) are in condition for allowance.

Respectfully submitted,
